

## **Questions to ask when you want to show your spiritual ring**

In my blog series *The Engagement Before the Marriage* I give a comparison of my relationship with my fiancé as it relates to my relationship with God. Part 2 of the blog highlights showing off your ring. Typically, after an engagement the woman wears an engagement ring to show to everyone of the commitment she made and will soon make. As Christians we wear a spiritual ring after our commitment to serve the Lord. The characteristic and attributes of God is what begins to change us on the inside out. Undeniably this change and difference is soon seen by others. Therefore, how can you showcase your spiritual ring as you would a natural ring?

- 1. Excluding the routine of church services, what does your relationship with Christ look like?**
- 2. How did you come to know Christ?**
- 3. What makes your relationship with Christ uniquely different to others? what are God's and your communication styles?**
- 4. Galatians 5:22-23 Speaks on the fruit of the Spirit. Which out of these you still struggle with?**
- 5. Why do you believe you have difficulty with this area taking root in your life?**
- 6. When you have a spiritual ring on, are you allowed to do what you want to do? why or why not**
- 7. What makes the engagement different from just being companions?**
- 8. How long have you been walking with Christ?**
- 9. What makes your walk different from the time you first came to know Christ until now?**
- 10. Without you saying so, how do people know you are a Christian?**
- 11. Biblically, how does Christ want his followers to look like?**
- 12. How did Christ's spiritual ring to His father look like? How did Christ's spiritual ring shine?**

Read the verses in their entirety. Learn from God's love, hope and help that He sends us to walk in agreement with Him. Continue to let Him shine bright in you.
